

Oklahoma Transition Plan for HCBS Setting Compliance for the Sooner Seniors Waiver (0809)

Purpose:

The purpose of this Transition Plan is to ensure the individuals receiving Home and Community-Based Services (HCBS) are integrated in and have access to supports in the community, including opportunities to seek employment, work in competitive integrated settings, engage in community life, and control personal resources. Overall, the Transition Plan provides assurance that the individuals receiving HCBS have the same degree of access as individuals not receiving Medicaid HCBS. This Transition Plan outlines the proposed process that Oklahoma will be utilizing to ensure implementation of the new HCBS requirements. Stakeholders are being asked to provide public input and comment in order to allow Oklahoma to develop a comprehensive assessment plan.

The transition plan will include:

- A 30-day public comment period of the draft transition plan;
- A response summary of public comments received;
- A plan to review applicable state standards, rules, regulations and policies;
- A plan for assessing HCBS settings;
- A time frame for a summary of how each setting meets or does not meet the federal HCBS setting requirements;
- A plan for ensuring the health and safety of members who reside in locations that need to meet corrective action requirements for the setting to come into compliance during the states specified transition time.

Oklahoma's Assessment Plan for HCBS Requirements

Phase 1-

Start Date: January 2015

End Date: March 2015

Analysis Completion Date: April 2015

The Oklahoma Health Care Authority (OHCA) will work with various providers, members, family, guardians, and other stakeholders involved in the waiver programs to gather the information needed to evaluate Oklahoma's current compliance with the HCBS regulations. This process will be conducted utilizing currently available data, through surveys, site visits, interviews and stakeholders.

Oklahoma has chosen to utilize a transition plan assessments, surveys, and site visits to begin the process by which to evaluate compliance. Indicators address key areas of concern including

employment, rights, service planning, community inclusion, choice and health and safety. This information will be used as a starting point to allow Oklahoma and its stakeholders to highlight the areas of concern. As available, the transition plan assessments, surveys, and site visits will be analyzed by the type of residence in order to identify noncompliance within HCBS settings. The data obtained will be derived from a random sample of members and providers across Oklahoma.

Phase 2-

Start Date: April 2015

End Date: June 2015

Analysis Date: July 2015

Information obtained from the analysis of the transition plan assessments, surveys, and site visits will delineate the areas that Oklahoma may show noncompliance with HCBS requirements. Those areas of noncompliance will be targeted utilizing an Assessment Tool for Community Settings. Upon completion of the assessment tool, responses will be validated. The assessment tool will be created for utilization across all HCBS settings where applicable. In addition, targeted provider surveys will be utilized to provide a more detailed account of compliance/noncompliance in terms of HCBS settings.

In conjunction with the assessment tool and provider surveys, an assessment of Oklahoma policies and procedures will be completed to identify compliance/noncompliance with the new federal HCBS rules. More specifically, a systematic review of:

- Provider Enrollment and Re-Approval Requirements
- Current trainings to integrate the new HCBS requirement

Phase 3-

Start Date: July 2015

End Date: October 2015

Information obtained from the analysis of internal programmatic data and transition plan assessments, surveys, and site visits will be utilized to identify areas of compliance and noncompliance. The data and the identified areas of noncompliance will be used to gather further qualitative feedback from providers, members, and their families. Input will be gathered through a variety of means that include but are not limited to:

- Member focused groups/and or surveys
- Focus groups with service provider and DHS and/or OHCA staff
- Advocacy groups
- Long-Term Care Quality-Initiatives Council and Living Choice Advisory Committee

Phase 4-

Start Date: March 2015

End Date: July 2015

OHCA will develop an inventory and description of HCBS settings types and summarize how each setting meets or does not meet the federal HCBS requirements. Review and analysis will be conducted from the following sources:

- Provider Surveys
- Family/ Participant interviews, site visits, etc.
- Stakeholder input
- Internal programmatic data

Phase 5-

Start Date: July 2015

End Date: September 2015

OHCA will:

- Compile a summary of areas of compliance and noncompliance
- Provide periodic monitoring of HCBS settings (on-going)
- Complete additional review, if warranted
- Develop corrective action strategy and a formal transition plan to ensure Oklahoma meets the new HCBS requirements
- Identify current policies, trainings, and procedures that need to be modified to meet the HCBS standards

Below is a summary of the assessment plan activities that Oklahoma will utilize to develop a comprehensive transition plan upon approval of CMS:

HCBS Rule	Assessment Activity	Start Date	End Date
REQUIREMENT: Is integrated in and supports access to the greater community	Analyze data from responses gathered through member and provider surveys and transition plan assessments in the following question areas: <ul style="list-style-type: none">• Individual interacts with neighbors• Extent to which people do certain activities in the community• Individual has a paid job in the community	1/2015	3/2015
REQUIREMENT: Control personal	Analyze data from responses gathered through member and provider surveys and transition plan assessments in	1/2015	3/2015

resources	<p>the following question areas:</p> <ul style="list-style-type: none"> • Individual can decide how to spend his/her own money • Individual can access personal funds 		
REQUIREMENT: Allows full access to the greater community/ Engaged in community life	<p>Analyze data from responses gathered through member and provider surveys and transition plan assessments in the following question areas:</p> <ul style="list-style-type: none"> • Individuals have a variety of recreation/leisure opportunities • Individual interacts with neighbors 	1/2015	3/2015
